Dear Mr. Srinivasiengar,

I am to send you the enclosed file of correspondence relating to the interior and exterior lighting of the Gumbuz at Seringapatam. The scheme provides for 45 interior lights and 10 yard lights and the capital expenditure in this connection is estimated at Rs.2,000/-. As regards the annual charge for consumption of power, the Deputy Commissioner suggests, in consultation with the Electrical Department, that a flat rate of Rs.360/- may be fix in the case of this institution. It is seen from the correspondence that these charges can be met from the funds at the credit of the Gumbuz. In th circumstances, I am to request you to kindly have necessary orders issued according sanction to the installation of electric lights in the Gumbuz as also to charge a sum of Rs.360/- per year to the tasdik account for maintenance.

Yours sincerely,

M Rodriguez

Office of the Deputy Commissioner,

D.O.No.H.1133/37.

Dear [illegible],

Office of the Deputy Commissioner,
Mysore District,

Dated, Mysore,.... 30th June 1936.

Dear Mr. Ramachandra Rao,

With reference to my D.O. letter No. 4978 dated 26th June 1936 in the matter of [illegible] to the Gambhir Gowda, I write to state that the Gambhir has got it credited [illegible] Rs. 6000/- in addition to the invested [illegible] Rs. 10,000/- in the form of Land promissory [illegible] in meeting the cost of Rs. 5000/- from [illegible] of the Gambhir.

2. [illegible] for the [illegible] of the annual income of the Gambhir. [illegible]

Yours sincerely,

Await this.

D.O. 4878

Bangalore.

28th June 1920.

Dear Mr. Cariappa,

I have submitted to the Dewan your D.O. letter No.1186 of the 27th June containing your proposals for installing electric lights in the Gumbuz at Seringapatam. I am in communication with the Deputy Commissioner of the Mysore District about the availability of funds at the credit of the institution to meet the cost of the lights etc.

Meantime, I am to inquire, if the scheme now proposed will also allow for the lighting of the streets of Seringapatam, if that is found necessary later on. It seems necessary and desirable that any scheme for installing lights in the Gumbuz should also take count of possible developments and make due provision for them.

Yours sincerely,

No. 4879 / Secretariat

Copy with compliments to the Dy. Commr. Mysore District together with a copy of the Chief Electrical Engineer's letter. Information may kindly be furnished whether there are sufficient funds at the credit of the Gumbuz to meet the cost of the lights and whether the work may be taken up as proposed by the Chief Electrical Engineer.

By Order,

P. S. D.

OFFICE OF THE CHIEF ELECTRICAL ENGINEER
TO THE GOVT. OF MYSORE.

Camp, Sivasamudram
Bangalore 27th June 192 8.
(S. India)

Dear Mr.Ramachandra Rao,

Sometime back you told me to send you an estimate for installing lights in Gumbuz , Seringapatam. At that time I thought of running a line from Krishnarajendra Mills to Gumbuz which would cost about Rs.12,000/-; since then we have extended the line from Krishnarajendra Mills t Nagunhalli village and I find that the estimate for running the primary lines and installing transformers at Seringapatam would be about Rs.4,240 and then the line will be run under "Interior Power & Lighting". The Superintendent, M.P.L., Mysore, informs me, to light the interior and exterior of Gumbuz, the cost would be about Rs.2,000/- for 45 interior lights and 10 yard lights. Mr.Mir Nizamudin Ali Khan, who is the Chairman of the Institution, says that he has enough of funds to meet this cost and to have the lights installed.

May I know if this work can be taken on hand right away?

CMC-PRN.

Yours sincerely,
C. M. Cariappa

Proceedings of the Government of H.H
the Maharaja of Mysore.

Order No. 292-6 dated 1st August 1928.
Muz 40-28-2

It has been represented th Govt. that there is need for installing electric lights in the Gumbuz at Seringapatam. The scheme provides for installing 45 interior lights and 10 yard lights estimated to cost Rs.2000/ The D.C., Mysore, suggests, in consultation with the Electrical Department, that a flat rate of Rs. 360/- p.a. may as a special case, be fixed for the consumption of power. It is reported that the capital cost can be met out of the funds at the credit of the institution and that there is sufficient reserve in the sanctioned scale to cover the annual maintenance charges.

2. In the circumstances, sanction is accorded to the installation of electric lights in and outside the Gumbuz, the initial and recurring cost being met, as proposed. Th recurring charge should be provided for in th scale of expenditure of the Gumbuz sanctioned in G.O. No. 1891-P/Muz.240-36-P dated 31-3-27
